Operations Manager

In accordance with the Equality Act of 2010 it is an occupational requirement that the successful applicant is a practising Christian

Introduction

The Bridge Circuit is a fresh expression of Methodist Circuit. Part of the Yorkshire North & East Methodist District the circuit will come into being formally on 1st September 2023, bringing together three currently independent, non-adjacent Circuits: Pateley Bridge, Pocklington & Market Weighton and Bridlington.

We anticipate that the Circuit will grow and develop in the coming years: embracing other Circuits, and also offering support to other Circuits which remain otherwise autonomous.

The vision for the Circuit is to release as much energy as possible for local mission and ministry in every context and place within its purview by ensuring that all governance and trusteeship responsibilities are undertaken with excellence by the Circuit.

A Modified Constitution for the circuit has been approved, which will break new ground in how circuit trusteeship is undertaken. Trusteeship will be the responsibility of far fewer people than in a familiar circuit arrangement which aligns with the intentions of the circuit to release as much energy and time as possible for local mission and ministry.

The Bridge Circuit therefore seeks to appoint a suitably experienced full-time operations manager. The successful applicant will play a leading role in ensuring the success and growth of the circuit, and the fulfilment of this vision by being the directing, leading and guiding person in all operational matters with the clear and primary objective of ensuring the smooth running of all things required to facilitate faithful mission and ministry.

To succeed in post the successful applicant will need to ensure that the administration, governance, practical operations and management around finance, property, safeguarding and GDPR are fulfilled excellently. Of primary importance this will release local churches and people to flourish in their mission and ministry.
